We've switched!

Salon Gloss made a switch to Goldwell colour this month. What this means to clients ~ soft, shiny, & healthy hair. What this means to us ~ awesome advance education, greater technical support, and better customer service.

~ As part of our switch over package, Goldwell sent the entire salon's staff to a two-day advance colour class. This intensive class has inspired, motivated and given us up to date fresh new ideas. Don't worry; we're not going to go crazy on your hair!

~ To help make your hair colour last plus stay shiny & pliable, Goldwell recommends use of their retail products to follow up with. The salon now carries this retail line. Please ask any of our stylists for a recommendation for your hair type.

Maureen (aka Mo) took the plunge and adopted a cat! Renaming her to 'Lola', Lola joins the ranks of the Salon Gloss furry family. Enjoy all your cuddles Mo!

friend, co-worker, client, barista, neighbour, boss, doctor, dentist, florist, butcher, coach, team mate, doula, classmate, teacher, instructor, fitness trainer, dog walker, plumber, electrician, contractor, painter, massage therapist, chiropractor, major, public servant, maid, butler....the list is endless!

When they come in, we will give you a \$10.00 credit as a gift of appreciation.

The salon held a surprise party for Maggie who turned 65 in February.

Maggie's favorite song is 'You can leave your hat on' hence our hats.

A friend of Vickie's baked a 'hat' shaped cake.

The staff bought her a beautiful crystal ornament to remember her 65th!
